Please note that the VFL list is no longer distributed in PDF format. It is now available as the Ryegrass VFL Index on the AOSCA website at [AOSCA.org](https://aosca.org). Select Variety Review Boards, Ryegrass VFL and VFL Index. The online index is fully searchable and sortable for ease of use. This VFL list accepted as of Mar 23, 2026 is a condensed list; older varieties that have been declared by the owner as no longer in production have been removed. A legacy list of all varieties up until August 12, 2024 have been permanently published on the AOSCA website. Select Variety Review Boards then click on Ryegrass VFL.

If you require a PDF or printed version of the VFL list, you may use the “Print” or “PDF” options available on the website as needed.

Please also be aware that foreign synonyms are only added upon request of the applicant, or if they are found in the Oregon Seed Certification Service's database. We make no claim that the list represents a complete compilation of foreign synonyms.
